

Kraft paper airbags

## Kraft paper airbag - 4 PLY

### Description:

4 PLY kraft paper airbags are designed for truck, intermodal, railroad and sea containers. They have an outstanding load stabilizing capacity, withstanding tons of pressure and resistance to load shifting. The bags are constructed of multiple layers of high strength extensible Kraft paper and inner liner is constructed of coextruded polyethylene film for added protection against loss of air pressure.

- Reusable
- Recyclable
- Moisture resistant
- Easy to in- and deflate
- Working pressure (max.) = 4.35 PSI / 0.30 Bar
- PP equivalent: Level 2 Airbags

Size (cm)	Quantity per pallet (FRONT)	Weight of pallet (kg) FRONT	Pallet size (cm)
60 x 60	400	n.n.	100 x 120 x 115
