

Inflators

MI 10 - high speed dunnage bag inflator

Description:

MI 10 is an advantageous air tool option compared to other fast-filling guns. It makes the inflating activity safe and easy.

- Fits into narrow gaps
- User friendly – ergonomic design
- Light weight
- Longer life time – made with strong plastic body
- High inflation speed reduces inflation time and labor costs
- Easy to in- and deflate

(Important note: Measures and weights without engagement. We reserve the right to change technical details.)
